Mike, the site is within the 500 year flood plain, but it also is protected by a levy. Not sure if that helps. Here is a link that shows you. <http://ifis.iowafloodcenter.org/ifis/newmaps/hazard/>

Subject: Des Moines TCE - flood plain?

Erin –

Karen wanted me to check with you about whether to consider the site in the flood plain.

We say this in our trip report “The southern portion of the site is within the Raccoon River flood plain (FEMA 1987).”

Thanks,

Mike
